

GIFTS, BENEFITS & HOSPITALITY POLICY

Rationale

- The Public Sector Standards Commissioner issued the Gifts, Benefits and Hospitality Policy Framework for the Victorian Public Sector (March 2010) requiring all public sector entities including government schools to ensure that they have gifts, benefits and hospitality policies and processes that satisfy the requirements of the Framework.
- Schools must establish a process for ensuring all staff and School Council members are advised of the policy requirements and establish a gift register to keep records of accepted gifts, benefits and hospitality of more than nominal value.
- The principal must monitor the gift register records which are to be reviewed annually by the School Council.
- The policy applies to all Department of Education and Training (DET) employees in the public service and teaching service, School Council employees and School Councillors.
- The policy does not prevent teachers and principals from accepting token gifts from students, parents and overseas visitors.
- The giving and receiving of gifts and hospitality are commonplace in everyday life. Gifts may be offered to say thanks for good service, a special achievement, or to celebrate an important event. Hospitality may be provided to welcome guests, facilitate relationships or to celebrate achievements.
- The community expects high standards of integrity and impartiality from Victorian public sector employees and School Councillors. These individuals must not accept or make offers of gifts, benefits or hospitality that influence, or give the impression to influence, any decision unfairly. Whenever DET employees, School Council employees or School Councillors accept or offer gifts and hospitality they must always act fairly and objectively and maintain public trust by being honest, open and transparent.
- The policy also includes gifts, benefits or hospitality given to an employee's or a School Councillor's immediate family if the donor can be linked back to the employee's or School Councillor's duties and responsibilities. The policy does not apply to gifts received in a private context.

Purpose

- To ensure Tarneit Rise Primary School policies and practices comply with DET policy in relation to the receipt of gifts, benefits and hospitality.
- To ensure the school complies with the minimum requirements and accountabilities as outlined in the Gifts, Benefits & Hospitality Policy Revised February 2017 (for DET Employees, Teaching Service Employees, School Council Employees and School Councillors).

Definitions

Gifts are the free or heavily discounted items, intangible benefits or hospitality exceeding common courtesy that are offered to employees or school councillors in association with their duties and responsibilities.

Benefits are the privileged treatment, privileged access, favours or other advantage offered to an individual. They include invitations to sporting, cultural or social events, access to discounts and loyalty programs and promises of a new job. While their value may sometimes be difficult to quantify in dollars, they may be highly valued by the intended recipient and therefore used to influence behaviour.

Hospitality is the friendly reception and treatment of guests. It is hospitable to offer light refreshments in the course of a business meeting or as part of a conference program. Hospitality can range from offers of light refreshments at a business meeting to restaurant meals and sponsored travel and accommodation.

Reportable gifts are those that must be recorded, typically on a gift declaration form and/or gift register. At a minimum, reportable gifts include accepted gifts, benefits and hospitality that exceed a nominal value. They could also include gift offers of any value, whether they are accepted or not.

The gifts may have been offered to an employee directly, or extended to them as a guest of their partner or other close relation.

Nominal value refers to the value of the gift offer. It is used to determine whether an offer, if accepted.

Entertainment is specifically defined in tax legislation as entertainment by the way of:

- food
- drink
- recreation
- accommodation or travel associated with the provision of food, drink or recreation.

Therefore, all gifts that are of an entertainment nature and/or any other gifts of \$300 or more in value, accepted by an individual from an employer, associate of an employer, or third party are subject to FBT.

Host is the person, office holder or organisation which authorises, organises and pays for an event. Responsibilities of a public sector host include initiating the event and approving decisions, for example in relation to cost, selecting invitees, ensuring the event runs smoothly and meets its objectives, and facilitating relationships between invitees.

Register is a record, preferably electronic, of all declarable gifts, benefits and hospitality. It records the date an offer was made and by whom, the nature of the offer, its estimated value, the raising of any actual, potential or perceived conflicts of interest or reputational risks and how the offer was managed. For accepted offers, it details the business reason for acceptance and the officer approving the acceptance.

Legitimate business benefit gifts, benefits and hospitality accepted or provided for a business purpose, in that it furthers the conduct of official business or other legitimate goals of the organisation, public sector or State.

A Token Offer is an offer of a gift, benefit or hospitality that is offered as a courtesy or is of inconsequential or trivial value to both the person making the offer and the individual. The primary determinant of a Token offer is that it would not be reasonably perceived within or outside the organisation as influencing an individual or raising an actual, potential or perceived conflict of interest. **A Token Offer** is an offer of a gift, benefit or hospitality that is less than \$50¹.

Non-Token Offer is an offer of a gift, benefit or hospitality that is \$50 or more¹.

¹ Except where a person employed under the Education and Training Reform Act 2006 in a Victorian Government school receives an offer from or on behalf of a parent, guardian, carer or student intended to express appreciation of the person's contribution to the education of a student or students, in which case non-token includes any offer worth more than \$100.

Conflicts of Interest

Actual conflict of interest - there is a real conflict between an employee's public duties and private interests.

Potential conflict of interest - an employee has private interests that could conflict with their public duties. This refers to circumstances where it is foreseeable that a conflict may arise in future and steps should be taken now to mitigate that future risk.

Perceived conflict of interest - the public or a third party could form the view that an employee's private interests could improperly influence their decisions or actions, now or in the future.

- In limited circumstances gifts over \$100 but below \$500 may be kept subject of the written approval of the School Council.
- Gifts worth \$500 or more must be surrendered to the school in all circumstances.
- However care must be exercised if the donor is involved in a tender process, contractual arrangement with DET or the School Council or if gifts of any kind have been offered more than once in the last year.
- If an individual considers that they have been offered bribe or inducement, the matter should be reported to the principal immediately.
- A gift must never be accepted if there might be a perception that it would create an obligation to the recipient, is likely to influence an employee or the School Councillor in the course of their duties or if the gift is money.
